

## **GENERAL PROCUREMENT NOTICE 2023-GPN-03**

### **The Republic of Mozambique Gabinete do Desenvolvimento do Compacto-II**

The Millennium Challenge Corporation (“MCC”) is in active collaboration with the Government of Mozambique, via the Compact Development Team (Gabinete do Desenvolvimento do Compacto-II (“GDC”), to develop a program focused on addressing selected root causes of Mozambique’s binding constraints of (1) poor agricultural policy, legal and regulatory framework, and (2) poor and climate vulnerable secondary and tertiary road infrastructure and low freight transport market competitiveness.

The Government of the Republic of Mozambique has asked MCC to work in the strategic and highly impoverished province of Zambezia to actively promote inclusive economic opportunity, climate and coastal resilience, and improved quality/access to public services and infrastructure. Projects under consideration include the following:

- Connectivity and Rural Transport
  - o Climate-smart, sustainable, and cost-effective rural road transport connectivity
  - o Complementary sector reforms and institutional capacity building
  - o Catalyze private sector-led strategies and investment
- Investment Promotion in Commercial Agriculture
  - o Reform institutions and policies to catalyze an inclusive commercial agriculture sector
  - o Strengthen the investment framework, capacity, and agricultural production
  - o Support gender-equitable opportunities and solutions
- Integrated Climate Management and Coastal Development
  - o Enable community-led mangrove and seagrass reforestation and land-use planning
  - o Investigate the feasibility of marine economies and potential application of blue carbon credits

In furtherance of this development process, during the next six months starting from May, 2023, the Government, supported by MCC, plans to begin procedures to procure the following services:

<b>Procurements for the period 1<sup>st</sup> May 2023 to 30<sup>th</sup> September 2023 Estimated Total Value – USD 8.650 Million</b>
